

The Archangels' Paper Angels

Making paper angels can be a fun and creative activity for kids.

Here's a simple step-by-step guide to make paper angels:

Materials Needed:

- White paper or colored construction paper (or use template)
- Scissors
- Glue stick or tape
- Markers, crayons, or colored pencils (optional, for decorating)

Instructions:

1. *Prepare Your Materials:*
 - Gather all the materials you need on a clean, flat surface. Make sure you have enough space to work comfortably.
2. *Fold the Paper:*
 - Take a sheet of paper and fold it in half vertically (from top to bottom). Crease the fold well.
3. *Draw the Angel Shape:*
 - With the paper folded, draw half of an angel shape along the folded edge. Start from the top edge (where the wings would be) down to the bottom (where the dress ends). The arms should extend slightly outwards.
4. *Cut Out the Shape:*
 - Carefully cut along the lines you drew, through both layers of paper. When you unfold the paper, you should have a symmetrical angel shape.
5. *Decorate the Angel:*
 - Now it's time to decorate your angel! You can use markers, crayons, or colored pencils to add details like a face, hair, and clothing. You can also add glitter, stickers, or other embellishments if you like.
6. *Form the Wings:*
 - To create wings, cut out two smaller wing shapes from another piece of paper or use the excess paper from your angel cut-out. Glue or tape these wings to the back of your angel near the top.
7. *Display Your Paper Angel:*
 - Once your angel is decorated and assembled, you can display it on a flat surface, hang it on a string to create a mobile, or attach it to a greeting card.

Tips:

- Safety First: Always supervise younger children when using scissors.
- Get Creative: Try using different colors of paper or adding accessories like halos or musical instruments to your angels.
- Template: If you would like you can also use the template found at the bottom of the page to make drawing your angel easier.

Making paper angels is not only a fun craft activity but also a great way to encourage creativity and imagination in kids. Enjoy crafting your paper angels!

Angel Template

Print out and fold at line then continue from step 4.
